19/3/20

Dear Madam

I'm interested in organising a memorial bench for my mother who recently passed away. She was 97 and a long term resident of Manningtree and spent her final years in Mistleay Manor and as she walked a lot in the area during her lifetime this would be a fitting way to commemorate her. Her favourite location was the Walls and I have been in touch with Tending council who have re-directed me to you so I hope you can be of assistance with this request.

Yours faithfully,

Graham Wood

Dear Mr Wood

Many thanks for your email. Firstly my condolences to you relating to your late Mother.

I will pass your request to the Parish Council at its next Meeting for consideration. The next Meeting is scheduled for the 27th April 2020. However, in view of the national guidelines regarding the Corona Virus outbreak, the Parish Council is currently reviewing its position regarding holding public Meetings.

Normally residents would purchase the bench and pay for it to be installed, together with supplying, fitting and paying for the small memorial plaque and wording. Thereafter, the Parish Council would own, insure and maintain the bench in this public area.

I will be in touch again once the Parish Council has made a decision about your request.

Kind regards.
